

CHARLEY'S GREEN WHISKY

CHARLEY'S GREEN WHISKY is the result of searches and adventures of Charles Hunter. It is a classical, very aromatic blended whisky with intense palate, it is also spicy with clear notes of vanilla, honey and dry fruits. Matured in oak barrels for at least three years which bestows on it the beautiful amber color. Perfect on the rocks as well as with coke or lemon. In order to maintain the desired sensory properties, **CHARLEY'S GREEN WHISKY** does not undergo a deep filtration process.
