

High Barnet

A classic gin with British origins.

HIGH BARNET DRY GIN

HIGH BARNET DRY GIN is a classic gin with British origins based on recipes that have been refined over generations. Its unique taste results from the best herbal ingredients and distillates produced in Great Britain and extremely pure spirit, the quality of which is guaranteed by the use of one of the most advanced spirits bottling lines in Europe. It is produced in very small series, where each bottle has its own unique number.

HIGH BARNET DRY GIN is characterized by an extremely delicate and at the same time expressive taste. It will work in classic cocktails based on tonics as well as in "low-alcohol" drinks, which are a hit at parties and bars.

In Poland, it is distributed directly by the **Grupa AWW**. It is available in duty-free shops at airports, as well as in the best liquor stores.
