RATAFIA

PURE VODKA

RATAFIA CZYSTA WÓDKA is the newest proposition in the portfolio of the AWW Group added to the product line of signature alcohol. This vodka is manufactured according to the traditional recipe. Luxury grade spirit made of a.i. our own grain was used for its production. Its smooth and delicate flavor is owed to the blend of high quality of distilled spirit and crystal clear water. Its fruit and flower aroma are reminiscent of other products from the Ratafia line. Sweet and subtle to the palate, it brings to mind fresh fruits and tastes of summer.
